This Product Manual ("Manual") has been provided to you by Scientific Games Corporation or one or more of its directly or indirectly wholly owned companies (collectively, "Scientific Games"). This Manual contains a variety of: (a) materials and other items relating to products or services of Scientific Games or its licensors or other third parties, including layout, information, text and scripts, data, files, images, photographs, pictures, artwork, designs, graphics, logos, drawings, charts, button icons, instructions, illustrations, advertising copy, technology, interactive features, "look and feel," and the compilation, assembly and arrangement of the materials of the Manual, and copyrightable material; (b) service marks, trademarks, logos, trade names and trade identities of Scientific Games or its licensors or third parties, when applicable; and (c) other forms of intellectual property (all of the foregoing in (a), (b) and (c), collectively, "Content"). This Manual and the Content are owned or controlled by Scientific Games or its licensors or third parties, when applicable. All right, title and interest in and to the Content is the property of Scientific Games or its licensors, when applicable, and is protected by the intellectual property laws of the United States and elsewhere to the fullest extent possible. All notices signify marks registered in the United States by Scientific Games or its licensors, when applicable. Scientific Games grants the intended recipient a limited, non-exclusive, revocable, non-assignable, personal and non-transferable license to view and/or print one copy of the Content, but Scientific Games or its licensors, as the case may be, retain ownership of such Content. The foregoing limited license does not provide the intended recipient with any ownership of, or any other intellectual property interest in, any Content and this license may be immediately suspended or terminated for any reason, by Scientific Games in its sole discretion, and without advance notice or liability.

This Manual has been provided to you solely for use in operating the product described herein. The specifications and information contained in this documentation are subject to change without notice. All statements, information, illustrations, specifications and recommendations in this documentation are believed to be accurate, but are provided without warranty of any kind, express or implied. The product referenced in this document is being provided by Scientific Games as is.

Testing Instructions	8
----------------------------	---

This document describes the modifications included as part of the BCC 15.0 SP2 release.

Snapshot

- Enhancement
 - SGBCC-15 – Support for Windows Server 2016 and IIS 10
- Resolved Issues
 - SGBCC-12 – BCC Login Failed when BCC Server Set to Singapore Standard Time
 - SGBCC-10 – Error while Assigning Roles in BAAS Authentication

For detailed instructions on installation procedure, refer to the *BCC 15.0 SP2 Installation Guide*.

Enhancement

Support for Windows Server 2016 and IIS 10

Version Affected	15.0 SP2
JIRA ID	SGBCC-15
SR Number	NA
Application Affected	BCC
Functional Area Affected	Installation

The BCC installers have been enhanced to support Windows Server 2016 and IIS 10.

Resolved Issues

BCC Login Failed when BCC Server Set to Singapore Standard Time

Version Affected	15.0 SP1
JIRA ID	SGBCC-12
SR Number	NA
Application Affected	BCC
Functional Area Affected	Administration

Issue

The BCC login failed when the BCC server time zone was configured to Singapore Standard Time (SST). An error message, *Application has encountered problem and needs to be closed*, was displayed.

Solution

Modifications have been made to ensure that the user login does not fail when the BCC server time zone is configured to Singapore Standard Time (SST).

Testing Instructions

- 01 Install the BCC Main Server with Singapore Standard Time (SST).
- 02 Log on to the **Bally Instrumentation** tool.
- 03 Complete the Bally Instrumentation Configurations.
- 04 Verify that a user is able to login to BCC UI.

Error while Assigning Roles in BAAS Authentication

Version Affected	15.0 SP1
JIRA ID	SGBCC-10
SR Number	NA
Application Affected	BCC
Functional Area Affected	Administration

Issue

An error message, *Error while assigning roles*, was displayed when roles were assigned to the user in BAAS authentication mode (Bally Authentication and Authorization Service).

Solution

Modifications have been made to ensure that user roles are assigned to the user in the BAAS authentication mode.

Testing Instructions

- 01 Install the BCC UI with BAAS authentication.
- 02 Log on to BCC as a BAAS user.
- 03 Navigate to the **Administration** tab.
- 04 Click **User Management**. By default, the **Manage User** module is displayed.
- 05 Click **Add User**. The **User Role Assignment** screen is displayed.
- 06 Enter the **Logon Name** of the user. This is the user for whom you are assigning roles.
- 07 Select the time zone from the drop-down list.
- 08 Select the **Site** from the drop-down list.
- 09 Select the type of the device from the **Device Type** column. The available roles for the selected device are displayed.
- 10 Select a role from the **Available Roles** column for the selected device.
- 11 Click **Save**.

- 12 Verify that you can log on to the BCC application with the newly created user.

Documentation Feedback Form

Your feedback is very important for us to evaluate our documentation. Please provide your feedback and click **Submit**.

This form is compatible with Windows and Mac PCs!

Please indicate your job title:				
Overall Quality of the document	Poor	Average	Good	Excellent
How would you rate the overall usefulness of the document?				
How well can you relate the explanation with the task you are performing?				
How comprehensive and accurate is the information covered in the document?				
Usability and Presentation of the document	Poor	Average	Good	Excellent
How easily accessible are the topics?				
How helpful are the workflows and graphics?				
Information you find useful in the document:				
Procedural Information	Scenario-based	Troubleshooting Tips		
Preferable documentation format for reference:				
Printed document	Online help	PDF
